

# Bringing High Speed Broadband to Your Community

voneus  
taking you further

## Who we are

- Established in **2011** – with an emphasis on telephony and mobile apps.
- Began to focus on broadband connectivity in **2015**, and have since installed our systems in a number of villages **around the UK**.
- A highly experienced **professional** team with extensive experience, across many industries.
- Fast-growing & **customer focused**.

v o n e u s

## Our mission

- To connect those in **hard to reach areas**.
- To work closely with **communities** to deliver in a sympathetic manner to areas of **outstanding natural beauty**.
- Be the UK's **fastest growing** connectivity and enablement company.

We believe that **every family** should be able to **work, play** and **learn** at the same time, despite where you choose to reside.

v o n e u s

How we plan to deliver

# The equipment we use

## “The sector antenna”

This is a “sector antenna” and is used to send the signal to individual homes. We need several of these to cater for the number of people living in the immediate vicinity of the network

This is a CE radio, we use it to connect individual properties to out network.

This is a “directional antenna” and is used to make a backbone network between master and slave sites.

What we are offering

## The speeds we offer

Minimum speed	Technology potential	Therefore
We are required to deliver an absolute <b>minimum of 24mbps</b> . This complies with the BDUK minimum for the usage of the term “ <b>superfast broadband</b> ” and validates our ability to claim on your CDS voucher.	Our equipment is extremely powerful. It is capable of running <b>up to 100mbps</b> under perfect conditions.	We expect the speed to run between 24mbps all the way to 100mbps, Averaging on a speed of <b>50mbps or above</b> , but never falling below <b>24mbs</b> . Both <b>upload AND download!</b>

v o n e u s

## How much does it cost?

Package:	Price:
Installation Fee (one off/ Single payment)	<b>FREE</b> (with BDUK Voucher) from <b>£150</b> (without)
<b>Essential</b> – 20GB per month -24 month term	<b>£20.00 / month</b> (Inc. VAT)
<b>Freedom</b> – Unlimited* Broadband - 24 month term	<b>£34.99 / month</b> (Inc. VAT)
<b>VoIP Landline</b> - (optional)	<b>£11.99 / month</b> (Inc. VAT)

# How to manage your account and stay in control

Voneus Together Action ▾

The chart below shows your monthly data allowance and the remaining data that you have to use on your account until your next billing date. If you have bought additional data this will show up as "Data allowance remaining" and your "monthly data allowance" figure in the table below will show the addition.

You can buy more data, view your previous invoices and manage your payment options by using the 'Action' menu above.

Monthly data allowance  
17.28gb

Installation reference	xod
Site type	'master' site
Monthly data allowance	20gb
Data allowance remaining	2.72gb
Next billing date	2016-10-31
Next billing charge so far	£20.00 (including VAT)
Payment methodology	<a href="#">Change this method of payment now</a> <a href="#">View list of previous invoices</a>
Quick view	Your quick view web address is <a href="https://manage.voneus.com/master/u7418838ere3cdjb3647u47e52c5g5edcr">https://manage.voneus.com/master/u7418838ere3cdjb3647u47e52c5g5edcr</a>
